

# The Big Bang Business Accelerator

## WORKSHOP 3

### Bringing It All Together In Your Gorgeous Business

It's time to take your work from these three workshops and see how it can shape your business NOW, so you can have the business of your dreams today.

1. List your present offers and services (anything you have offered in the last 9 months or are planning to offer in the next three months).

2. List any products you have offered in the past, free or paid. (freebies, live sessions, events, opt-ins, recordings, workbooks, pdfs - the works).

3. List ALL the products you have almost ready but have never offered!

4. For questions 1 and 2, how successful were they or weren't they? Do you still believe in the underlying message of that offer?

Have you change or has what your clients expect from you changed?  
Have you not found your ideal clients first?

5. On a scale of 1-10, how excited are you about these offers and how much do they reflect the business you want to have and the feelings you want to have? Do you enjoy delivering them (1-10)?

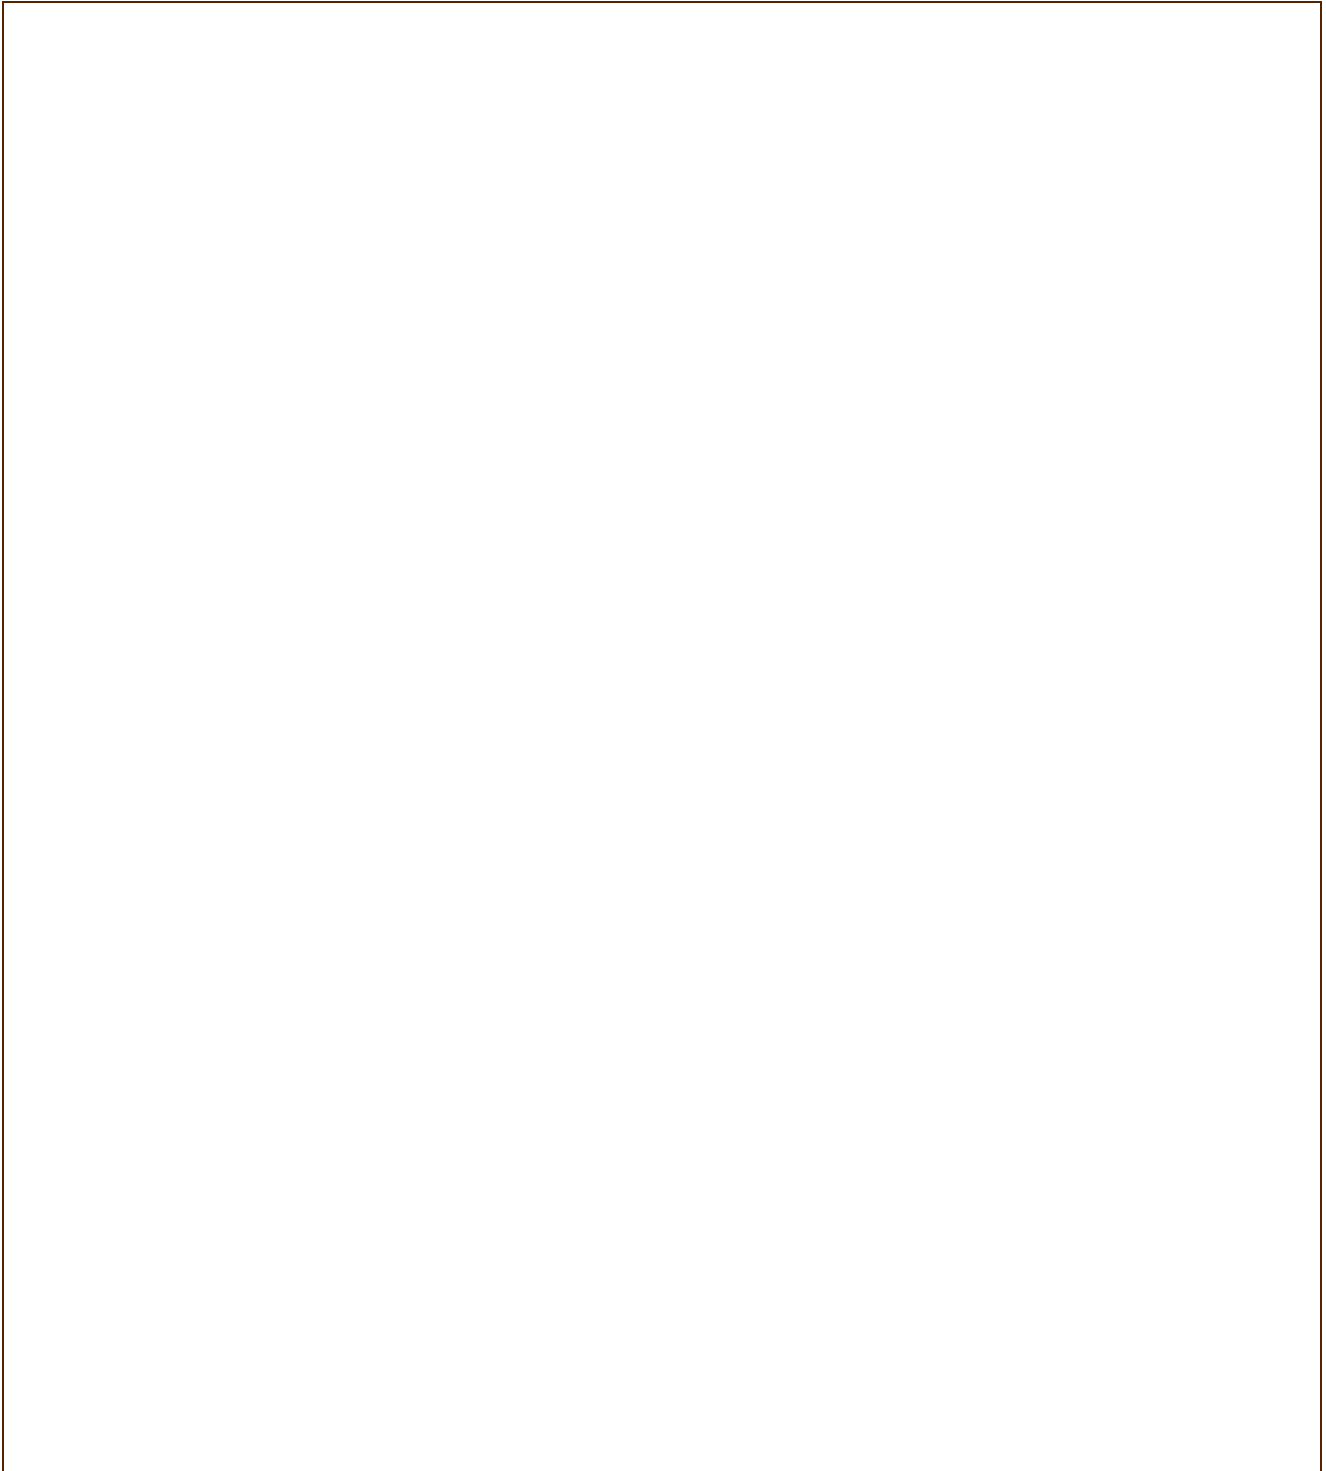

6. Eliminate all the ones that you feel are no longer aligned with who you want to be. Do NOT worry if that means scrapping 100%. It is a GREAT thing to know what you don't want and can be your jumping off point.

7. If you could create one thing now - product or service - know it would be a financial success, what would it be? Is it partially or fully reflected in what you are offering now?

8. Look at your ideas from workshop 2. What can you incorporate into your business now that will move you closer - even by just one step - to your dream business and way of being?

9. Find 1 thing you can take action on now.

10. Create a mind map of your ideal flow of products or experiences.

A large, empty rectangular box with a thin black border, intended for the user to create a mind map of their ideal flow of products or experiences.
